

1st INTERNATIONAL INFECTION CONTROL AND STERILIZATION EXPO-2022

**INFECTION CONTROL
& STERILIZATION EXPO**

**EXCLUSIVE INFECTION CONTROL EXPO
PRAGATI MAIDAN, NEW DELHI**

26-27, FEBRUARY 2022

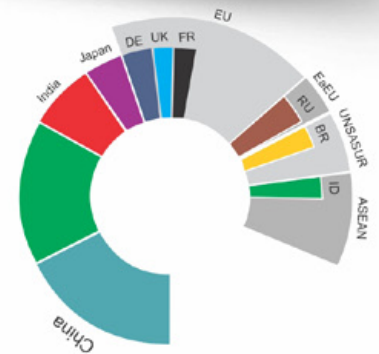

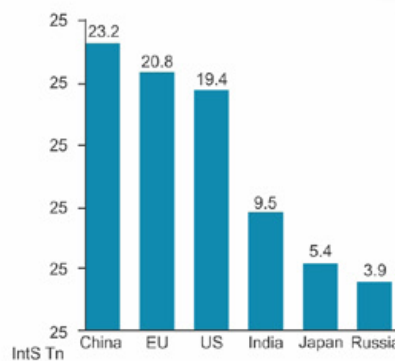

BRIEF INTRO:

We know that we all have been fighting with Covid 19 virus since 2019. With a better understanding of the Coronavirus and its newer strains and available vaccines, we are in a better position to counter this pandemic. Since coronavirus is changing itself very fast so we must protect ourselves with the best hygiene practices apart from vaccination. We are bringing together the infection control experts to guide us the way forward. Let's not miss this opportunity and do join us on 26th -27th Feb 2022 in New Delhi.

We are pleased to announce that we are organizing our maiden Infection Control and Sterilization Expo-2022 under Infectioncon 2022 with the hope that we are meeting on 26th February 2022. Our theme for this year shall be "Quality of Patient Care " (QoPC). Patient care under the existing scenario is of utmost importance. We are, of course, cautious and mindful of the ongoing pandemic in our country and will continue to review and tweak our plans if necessary. Apart from organizing the event physically in New Delhi, we'll provide a virtual interface as well for those who would not be able to present at the expo physically.

ICSE-2022 under Infectioncon 2022 is an event dedicated to innovation, technology, and best practices in infection control and sanitization. The world's leading companies in infection control will showcase their innovations, technological progress. Over the past years, we have developed a reputation for outstanding scientific programs. Our events comprise a wide range of Indian and international speakers. Suggestions and genuine feedbacks from attendees in the past have positioned us amongst one of the best in the quality of education and content. Our past learning's provide our delegates and industry partners an excellent environment to come together and build further relationships and exchange ideas concerning newer products and the latest technologies.

INDIA AN EMERGING GLOBAL ECONOMIC, SCIENTIFIC AND TECHNOLOGICAL SUPERPOWER?

EVENT IN A GLANCE

FOCUS AREAS

OUTBREAK PREVENTION

Outbreak prevention by effective decontamination of surfaces and reusable equipment

WASTE DISPOSAL SYSTEMS

Safe, effective and environmentally friendly waste disposal systems

SURFACE HYGIENE

Improved surface hygiene including hand hygiene compliance using the latest formulations of sanitizers

CAPACITY BUILDING AND EDUCATION

Innovative education modalities to improve hygiene and other procedures

SCANNERS

Scanners that can help reduce device related infections

COMPLIANCE THROUGH TECHNOLOGY

Aids and reminders that are proven to increase compliance

WHY EXHIBIT?

Provision of an exceptional educational programme encouraging a larger and more varied audience. With the program tailored to attract a wide audience, there will be an enormous opportunity for exhibitors to showcase their products/services, newer technologies, and launches.

WHY VISIT?

ICSE-2022 Expo presents an excellent opportunity to you to meet experts in infection control, decontamination, and facility management and explore wide-ranging solutions for your unique needs.

SCIENTIFIC SESSIONS

Panel Discussions:

1. Technology and Innovations to reduce healthcare delivery associated infection
2. Infection control issues. Where are we now? Road ahead!
3. Covid19 reflections and learning
4. Capacity building in infection control

PRESENTATION:

1. Infection control assessment tools
2. Prevention of household infection
3. Infection control in the hospitality sector
4. Sanitation in Clinics
5. Hygiene and sanitation in Schools
6. Waste disposal system

Exhibit your products and services

ICSE-2022 is the ideal platform to showcase your latest products and services to visitors from the healthcare and large commercial facility management sectors.

Connect with your potential customers

Meet new potential customers, develop relationships with existing customers and generate business leads.

Know how exchange with industry leaders and potential buyers

Interact and network with the right decision-makers from healthcare sectors, government authorities, and associations and secure new business.

Capture new markets and form strategic alliances

Know about the opportunities in new markets and build partnerships to enter/capture new markets

Knowledge transfer from the experts

Learn from the industry experts. Explore new developments in the healthcare domain pertaining to decontamination and infection control.

Gain the access for the latest

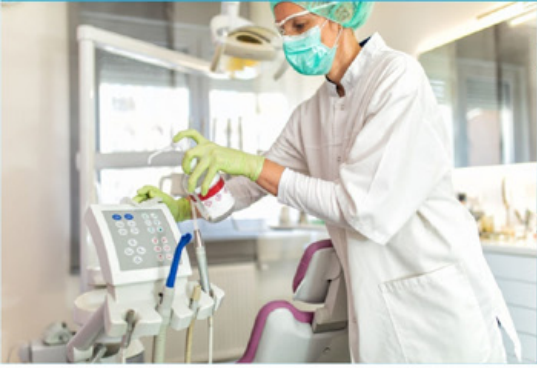

Gain access to the latest innovations, solutions, technologies, trends, and best practices in the existing industry in infection control.

Connect and network in expo interface

Connect, interact, share experience and network with hundreds of healthcare professionals and infection control experts and build relations with new suppliers and industry leaders.

Explore opportunities and build partnerships

Identify opportunities for stakeholders i.e dealership, distributorship, and channel partners, and build new business partnerships.

POTENTIAL EXHIBITORS

1. Sterilization and Sanitation Product Manufacturer
2. Disinfectant Manufacturer
3. Disinfectant Robots
4. UV Disinfectant Manufacturer
5. Automatic Dispenser Manufacturer
6. Cleaning Equipment Manufacturer
7. OT Sanitization
8. Ventilators
9. Touchfree System
10. Hospital Automation System
11. PPE
12. Biomedical Waste Management
13. Medical Diagnostics
14. Infection Control software
15. Medical Research Institute

KNOWLEDGE PARTNER

NHA is an independent body of eminent professionals from diverse fields of health and medicine, social and behavioral science. NHA together with its members increases the understanding of methods and data used in the field, enhances the professional skills of researchers and research users, and expands awareness. NHA is a knowledge hub and a trusted resource for healthcare professionals and it encourages them to come together on matters of common interest. The academy works towards capacity building and conceptualizes conferences, CMEs, workshops, and seminars in the areas of public health and medical sciences.

VISITOR'S PROFILE

1. Hospital Managers
2. Healthcare Service Providers
3. Govt. Officials
4. Facility Management Companies
5. Pharmaceutical Companies
6. Hospitality Sectors
7. Travel & Tourism
8. Dealers and Distributors
9. Medical Colleges
10. Doctors/Nurses
11. Nursing Colleges
12. Industry Purchase Managers
13. Schools and Colleges

CONCEPT PARTNER

Hertz Health is a 10-year-old, India's dedicated healthcare consulting, communication, marketing, and networking company with over 100 years of cumulative experience.
